

# Worksheet 3.2 Connections Map

Name: \_\_\_\_\_  
Phone/Email: \_\_\_\_\_

Please list any connections (names, titles) you have with the different organizations, associations, and sectors in your community. These may be friends, relatives, colleagues, neighbors, or acquaintances. Then think about connections that may help you sustain your community improvements. The last box can be used for any connections you have that don't fit in the other boxes.

When you've completed your list, identify those connections that you believe to be a priority for your organization/collaborative to make. (\* indicates priority connections)
